Part 3 – Parental Consent

AJNL is committed to providing a safe environment for all young people and ensures that all necessary steps are taken to protect young people from the inappropriate use of their image within the media and on the internet. At all times, AJNL will adopt England Netball's Policy on this matter and will be consistent with its principles.

To this extent, only authorised and registered personnel will be permitted to take photographic or recorded images of young people and only in accordance with AJNL rules. Also, AJNL will go to great lengths to ensure that no identifying details will be linked or associated to the image of your child.

Periodically, AJNL would like to upload photos or videos to its www.ajnl.co.uk website and on occasions may invite the local press in to take images that may be published in the local paper. These photos will be used to promote AJNL and to demonstrate the fun, enthusiasm and sportsmanship that exists within an AJNL structured coaching or playing session. They may also be used for coaching purposes as a means to demonstrate particular skills.

Parents and children have a right to decide whether children's images are to be taken and how those images may be used. If after reading this you do not consent to the images of your child being used in the above manner, then please mark accordingly:

I agree to images of my child appearing on the AJNL website in accordance with the above rules:
